Welcome to the March 2010 edition of the Radio HF Internet Newsletter. As I work on this edition, I am watching a streaming TV station, TV Chile, from Chile in South America, as they cover the aftermath of a massive 8.8 earthquake. When Mother Nature stamps her feet, we really see just how little control we have.

We're a little short on content this month as I am rushing to get this completed and out to everyone prior to heading off to the 23rd annual Winter SWL Festival in Kulpsville, Pennsylvania this coming weekend. I look forward to seeing some of you there. Please drop by the Radio HF booth and say hello.

Be sure to check out the Hamfest/Fleamarket Zone as the calendar is filling up with spring events. Radio HF will be present at a number of these events.

As we head into March, long-time subscribers to this Newsletter will know that It's time for me to mention my annual fundraising activity, The Baillie Birdathon. For newcomers, my wife and I are avid birdwatchers. Each May we participate in a fundraising activity for Bird Studies Canada for bird and bird habitat protection and conservation. Many of you have supported us in the past with your donation to this annual event. I will be forwarding you a separate e-mailing giving you all the details of this year's event and how you can submit your contribution. I fully realize that many groups and organizations are competing for your charitable contributions each year, but many of you continue to show your generosity and support for this cause that is very special to us. I thank you all for your past support and I would certainly appreciate your support again this year, if at all possible.

Please remember that this Newsletter is a free service to you each and every month, for 12 years now. I simply ask subscribers to think how much they value this free publication and to determine how much per year they would be willing to pay if this Newsletter were available only through a paid subscription. I then ask you to consider pledging that amount as support to our Baillie Birdathon cause. The special e-mail you will receive shortly will explain the cause in greater detail. We do appreciate any amount that you can spare to support this cause which is so important to us. I thank you in advance.

Our Monthly Special Zone features Chile, St. Patrick's Day, Music in our Schools Month and Newspapers in Education.

Our virtual voyage around the world, in the "Where in the World Zone", this month takes us to Brunei. Brunei, officially the State of Brunei Darussalam or the Nation of Brunei, the Abode of Peace, is a country located on the north coast of the island of Borneo, in Southeast Asia. Apart from its coastline with the South China Sea it is completely surrounded by the state of Sarawak, Malaysia, and in fact it is separated into two parts by Limbang, which is part of

Sarawak. Brunei regained its independence from the United Kingdom on 1 January 1984 and is a member of the Commonwealth of Nations.

So, let's get this show on the road. Remember that if you come across an interesting website that you think would be of interest to our subscribers please feel free to send me the details. Have a great month.

WOLFGANG'S VAULT

http://www.wolfgangsvault.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

There's only one place you can hear Bill Graham introduce the Allman Brothers at the Fillmore East, Steve Miller ask for more PA volume at Winterland, or Peter Gabriel bring up unannounced guest Robert Fripp to join him onstage at the Bottom Line in New York. It's the same place you can listen to the greatest live music of all time in full concert format.
It's not heaven. It's the Concert Vault, the world's greatest collection of vintage concert recordings. Where does it come from? In 2003, Wolfgang's Vault acquired master recordings from the archives of Bill Graham Presents. These live concerts were recorded at legendary venues like the Fillmore East and Winterland between 1965 and the late 1980s. In early 2006, we augmented the Graham archives by acquiring the archives of the King Biscuit Flower Hour, the nationally famous syndicated rock radio broadcasts of live concerts from the 1970s and `80s. We also added the Silver Eagle Cross Country archive of country music concerts in 2006. In 2007 the Record Plant and Dawson Sound catalogs were added, and in 2008 we added the Daytrotter and Noise Pop catalogs.
